### The Consumer and the Planet DVD

Learn how small, everyday actions can conserve energy sources, reduce your carbon footprint, and even save money in the process. This DVD deciphers "green" marketing claims and labels such as ENERGY STAR, DfE, renewable, and sustainable. It illustrates eco-friendly ways to buy, prepare, store, and dispose of food, and explores methods of saving water, reusing and recycling and trashing trash. Also learn about environmentally friendly clothing care, green pet care, and how to turn a drink of water into an act of kindness toward the planet. 20 minutes. Copyright 2009. Grade 6 and up.
